PRESIDENT SMALL VERY OPTIMISTIC

Reaches New York and Addresses Local Union Meeting of Telegrapher.

(Special to The Times-Dispatch.) NEW YORK, August 25.—J. M. Small, president of the Commercial Telegraphers' Union, arrived in New York this morning. He was met at the railroad station by a large delegation. He was escorted to a camp meeting of telegraphers, messengers, boys and check clerks. Mr. Small addressed the meeting briefly, without touching on the local strike situation.

In the afternoon Mr. Small attended a meeting of the striking telegraphers, where he was received with enthusiasm. He made a brief address, in which he dealt with the general situation, again refraining from discussing the local situation. Mr. Small to-night gave out an optimistic statement regarding general strike conditions, in which he said:

"We have fully 95 per cent. of all commercial telegraphers in the United States on strike. This applies to small and large cities. Thousands of one-man offices are closed, and the keys to the doors are in the possession of the officials, to be turned over to the inspectors of the company when they arrive."

Answer Call for Funds.

"Although the call for funds has only been out a few days, many remittances were received before I left Chicago, and, strange to say, as much was received for the campaign fund as for the benefit of the strikers."

Much has been published about arbitration, but this comes from coast to coast is no arbitration."

In the face of the statements by the president of the striking unionists, both the Western Union and the Postal Companies emphasize their declarations that the situation is improving, and that barring a few unimportant towns, conditions are gradually, but steadily assuming a normal basis. They announced that they are handling all the business offered with dispatch.

LIVED THIRTEEN YEARS IN BATH

Man With Injured Spine Earned Livelihood in Warm Water.

LONDON, August 25.—A stone mason of the name of Schlimme has just died in the public hospital of Brunswick, Germany, after having lived for nearly thirteen years in a warm bath.

In 1894 Schlimme, who was then twenty years of age, fell from a tree and injured his spine. His backbone was practically broken and the spinal cord crushed. As a result the lower portion of his body was paralyzed and certain internal organs were unable to perform their functions.

In order to save the man's life the physicians ordered a permanent bath, in which Schlimme reclined for years. His body was supported by cleverly contrived rests. The water was kept at a temperature of 94 degrees. The man felt little or no pain and became a skillful basket wire worker, and was able to support himself and his mother. He finally died of tuberculosis, which had been brought on by his constant immersion in the hot bath.

In painful contrast to this prolonged bath in Germany the London papers to-day record how a clerk to the Board of Guardians at Cuckfield reported to the board yesterday that there were many old men in the workhouse who had not bathed or washed for a year, as the female nurses considered it too indelicate a task for them. The board accordingly decided to engage a male nurse.

LION ATTACKS HIS TRAINER

CLEVELAND, OHIO, August 25.—Several women and children were injured during a panic at a local pleasure resort to-day, as the result of a lion making an attack upon Captain James F. Briggs, a tamer and performer. The beast laid bare the tamer's left arm by a blow from his paw, and lacerated the man's thigh with its teeth. The lion was subdued by its attendants. In the rush to escape, women and children were trampled upon. Aside from Captain Briggs, no one was seriously hurt.

COTTON MILL OPERATORS GO BACK TO WORK

VALLEYFIELD, QUEBEC, August 25.—The strike of the 2,500 operatives at the Montreal Cotton Company has been settled. The operatives agreed to return to work to-morrow, and the company agreed to grant the ten per cent. increase to the mule-spinners, a demand which was granted before the strike. The operatives are to withdraw their demand of ten per cent. general increase, and all the minor disputes will be submitted to a board of arbitration.

PUBLISHED COLLEGE Wreck

Twenty persons suffered injuries and a number of others were bruised to-day when a Denver and Rio Grande passenger train westbound was wrecked near Pueblo, twenty-five miles west of Pueblo. Among the hurt are: Alize S. Coleman, Ann Arbor, Mich.; D. D. Sturgis, Chicago; S. C. Greiner, Evansville, Ind.

Heavy Floods in Japan

Is an ordeal which all women approach with indescribable fear, for nothing compares with the pain and horror of child-birth. The thought of all pleasant anticipations of the coming event, and casts over her a shadow of gloom which cannot be shaken off. Thousands of women have found that the use of Mother's Friend during pregnancy robs confinement of all pain and danger, and insures safety to life of mother and child. This scientific liniment is a god-send to all women at the time of their most critical trial. Not only does Mother's Friend carry women safely through the perils of child-birth, but its use gently prepares the system for the coming event, prevents "morning sickness," and other discomforts of this period. Sold by all druggists at \$1.00 per bottle. Book containing valuable information free.

MOTHER'S FRIEND

POPE KEEPS HIS MOTHER'S WATCH

Tempted to Exchange It for a Superb Chronometer, He Says "Jewel Is Too Fine for Me."

ROME, August 25.—The Pope possesses a watch probably worth four dollars, but it was inherited from his mother. A French cardinal recently received in audience told the Pope that he was a collector, and that the watch tempted him. He asked His Holiness for it as a souvenir. In exchange he offered a superb chronometer. The Pope said he would consider the matter, but after looking at the chronometer he returned it, saying: "We must be humble; the jewel is too fine for me."

The Pope is being pressed anew by the cardinals for permission to use automobiles, but none has been granted so far, except in the case of Cardinal Merry De Val, who is rumored to be desirous of quitting the office of Secretary of State.

LIPTON WILL NOT DISCUSS CHALLENGE FOR AMERICANS

DUBLIN, August 25.—Sir Thomas Lipton arrived at Queenstown to-day on his steam yacht Erin. He declined to discuss the question of a challenge for the American cup. It is certain, however, that the next challenge will be made through the Royal Irish Yacht Club, but the committee of the club refuse to comment on the rumors concerning the challenge, except to say that they think some concessions concerning the conditions for a race will be necessary from the American side.

EMMA GOLDMAN CARRIES GREETINGS

Represents United States at Anarchists' Congress at Amsterdam.

AMSTERDAM, August 25.—Emma Goldman, the American anarchist, told the anarchists' congress at its opening that she brought cordial greetings from all the anarchists in the United States, from San Francisco to New York. She declared that the liberty of the masses existed only on paper. She hoped the congress would devise an international organization of anarchists, and said there was nothing to hope for from the Social Democrats. All the speakers criticized the peace conference at The Hague and the International Socialist Congress at Stuttgart, describing the first as merely an assembly for the organization of war, and declaring that the latter had passed resolutions containing thousands of words without arriving at a definite conclusion on any subject. About 200 delegates were present, representing the United States, Great Britain, Spain, Italy, France, Russia, Germany, Belgium, Bohemia, Switzerland and Servia.

WILL INVESTIGATE ALLEGED INVASION

Officials of High Rank Looking Into Report of Turkish Troops in Persia.

CONSTANTINOPLE, August 25.—The government is dispatching a special commission of officials of high rank to the Turko-Persian frontier to open an inquiry on the recent invasion by Turks of Persian territory and the bloodshed and destruction of property that followed. The Porte repudiates the allegation that Ottoman troops advanced beyond the frontier.

Reports received here say that the matter threatens to assume a graver character, especially as the Persian residents of the districts are being severely persecuted by Turkey's Kurdish auxiliaries.

CHIEF LEADS INSURRECTION

Governor and Other Officers of South American Province Made Prisoners.

BUENOS AYRES, ARGENTINA, August 25.—A local revolution broke out last night in the city of San Luis, capital of the province of San Luis. A town of 11,000 inhabitants and situated about 140 miles southeast of Buenos Ayres. The chief of police was the leader of the insurrection, and the Governor and other provincial authorities were made prisoners.

The insurrectionists immediately chose a new Governor and installed him in office. Information from San Luis to-night reports that complete quiet has been restored, and further disturbances are not anticipated.

ONE KILLED AND TWO OTHERS HURT BY EXPRESS TRAIN

BALTIMORE, MD., August 25.—Addie Selby, aged nineteen years, was killed almost instantly, and Edward Klein, nineteen, and Guy Knott, sixteen, were injured by being struck by an express train on the Pennsylvania Railroad in the western section of the city to-day. All three are from Washington, and came to this city this morning on a sight-seeing visit. Finding their money exhausted they determined to beat their way home on a freight train, but were struck by an express while attempting to board one.

MAN, AGED NINETY-SIX, KILLS HIS OLD WIFE

TULSA, I. T., August 25.—Doek Barnes, aged ninety-six years, killed his aged wife at their home, near here, last night. Three months ago Barnes attempted to kill Richard Lewis, who had been paying attentions to his daughter, but was discharged after a preliminary hearing. No attempt has yet been made to arrest the aged man.

COME CHRISTMAS, LOEB TOLD VISITOR

Woman Wanted to See the President Right Away, but Agreed to Wait.

OYSTER BAY, August 25.—A woman in a white shirtwaist and a gray skirt alighted from the train which arrived at 12:19 P. M. to-day, and asked one of the station attendants to direct her to a telephone.

She was sent to a booth in the station, where she made an effort to call up Sagamore Hill. Failing in this she appealed to one of the station attendants to take her to the President's house.

She was informed that an appointment would have to be made through Secretary Loeb, but refused to accept the advice and gave a boy a half-pound of candy to bring a team for her, which he did not do.

Telephonic communication was finally established with the President's secretary, and the woman said her mission was a confidential one, and that she could not divulge its nature.

She was invited to visit the Summer Capitol over Moore's grocery store, where Mr. Loeb convinced her that it would be better to return to New York and wait until Christmas for an interview. As she was about to board the 5:03 o'clock train she narrowly escaped being killed by a train which was being shunted back beyond the station.

AMERICAN CHURCH MUCH CRITICIZED

Architects Find Particular Fault With Steeple Copied from Work of Thirteenth Century.

PARIS, August 25.—The American Church in the Avenue de l'Alma is being severely criticized, particularly the steeple, which is pronounced hideous. Remarks are being made that modern architects are unable to produce anything to compare with the admirable bellies of the thirteenth century. It is remarkable, however, that the steeple of the American Church is a scrupulously exact copy of that beautiful church Saint Etienne, at Caen, built in the thirteenth century. Possibly the atmosphere which is damaging the Louvre may soften the stones of the new church.

KILLED IN BASEBALL GAME

Brooklyn Man Hit By a Foul Tip in a Game at Glen Cove.

GLEN COVE, L. I., August 25.—Arthur Clemmons of No. 216 Cooper Street, Brooklyn, died here this evening about three hours after he had been hit on the head by a pitched ball in a game between Oyster Bay and Glen Cove teams.

Clemmons was playing on the local team, and was at bat when Pitcher McKenna's inshoot ticked the bat and glanced off, hitting the batter between the eyes. Clemmons ran to first base and protested that he wasn't badly hurt.

Dr. Burns, of this place, and Dr. Hall, of Oyster Bay, insisted on him leaving the base. They had to carry him away, but a few minutes later he jumped to his feet and ran to the third bag. There he collapsed. He was carried to the home of the Rev. J. P. Norris and never regained consciousness. Death was caused by a hemorrhage of the brain.

An inquest was held to-night and the jury returned a verdict of accidental death.

Clemmons had been married only a short time. He was frequently engaged to strengthen the Glen Cove team, and his wife usually came out from Brooklyn to watch him play. Yesterday she couldn't accompany him, and he had promised her not to play. His friends in Glen Cove persuaded him against his will.

AMERICAN PROPOSITION ON CONTRACTUAL DEBTS

THE HAGUE, August 25.—The American proposition concerning the collection of contractual debts is now ready for submission to the examination committee of the Peace Conference. General Horace Porter having introduced the desired changes, including those recommended by the Latin American States.

Dr. Luis Drago (Argentina) is receiving congratulations on the proposition, for it is believed that it will now more closely resemble the Drago doctrine.

DYING FROM CAT'S BITE

Woman Hopeless Victim of Hydrophobia Wound Had Healed.

NEW YORK, August 25.—Mrs. Rachel D. Berry, who lives on the Baitwater Road in Long Branch, N. J., was bitten by a cat early in July. The wound healed. There was no thought of grave consequences. Last Friday Mrs. Berry felt slight pains, and the increased severity in intervals until they developed into spasms.

Dr. E. M. Beach, who had the case, called Dr. S. J. Wesley in consultation, who diagnosed the case as hydrophobia, and that her condition was hopeless. Last night it was feared she would die before morning. The cat bit Mrs. Berry was killed by a dog.

STORM OF PROTEST AT PROPOSED CUSTOMS SALE

LIMA, PERU, August 25.—The recent decision of customs authorities at Callao to sell at auction all goods deposited there previous to March, 1904, has aroused a general storm of protest. It is cited by the protesters that the law provides that goods deposited in the customs house may remain there for an indefinite period. As the ruling affects property belonging to foreign residents, it is probable that the matter will be the subject of diplomatic exchange.

WOMAN KILLS HERSELF WITH A CLOTHES BELT

TRENTON, N. J., August 25.—Mrs. Louise J. Norris, a private patient at the New Jersey Hospital, committed suicide to-day by strangling herself with a clothes belt. Her home was at Fairhaven, N. J.

Transfer Priests.

BALTIMORE, MD., August 25.—Rev. John F. Quirk, S. J., rector of St. Ignace Church and Loyola College since June, 1901, has been transferred to Fordham, N. Y. His successor being Rev. W. G. T. Mullam, who comes from Fordham here.

HARVESTER CO. LOSSES BY FIRE

Toledo Building Partly Destroyed—Property Loss Estimated at from \$150,000 to \$200,000.

TOLEDO, OHIO, August 25.—Fire of unknown origin, which started in the upper story of the Morton truck and storage building, a four-story brick structure at 232-234 Huron Street, caused a loss to-night estimated at \$150,000 to \$200,000. The building was occupied by the International Harvester Company, a restaurant and other small concerns. The fire made rapid progress and spread to the building occupied by the Toledo Club and newspaper offices of the News and the Times.

Shortly after the arrival of the firemen the north wall of the building collapsed, and for a time it was feared that several firemen had been caught under it. The men had been working on the north side of the building when the falling wall started to the ground, and the men ran for shelter. The loss is well covered by insurance.

CLAIMS ARE NOT MATTERS FOR DIPLOMATIC INTERVENTION

CARACAS, VENEZUELA, August 25.—By way of Willemstad, August 25.—The Venezuelan government has made answer to the third note presented to it by the American Minister, W. W. Russell, regarding the five American claims against Venezuela. The answer is in the same tenor as the replies made to the two previous notes presented on the same subject, namely, that the claims were not matters for diplomatic intervention.

Bitten People Doing Well.

All the six persons bitten several days ago by a mad dog belonging to Mr. A. J. Dumas at the Pasteur treatment, are reported as doing well. There is not the slightest thought that they will be attacked.

Mrs. Peyton Carr, Mr. Jefferson's daughter, will take the full Pasteur course.

OBITUARY.

Mrs. T. C. Peyton.

The death of Mrs. T. C. Peyton, which took place August 23d in Charles Town, Va., at the residence of her son-in-law, Mr. B. W. Grady, was the fourth year of her age. She was a native of Virginia, and a noble scion of her father, Peter Carr, and his grandfather, Dabney Carr, Mr. Jefferson's maternal grandfather was Governor Wilson Carr Nicholas, of Virginia.

Mrs. Peyton's final summer came, which freed her pure, noble spirit, and she gained the rest prepared for the children of God.

GENERAL LOGAN'S DAUGHTER SILENT

Mrs. Tucker Won't Discuss Report of Husband Being Guest of Mrs. Platt's Brother.

WASHINGTON, August 25.—Mrs. Mary Logan Tucker, daughter of the late General John A. Logan, refuses to discuss advices from Raton, New Mexico, to the effect that her husband, Lieutenant-Colonel William F. Tucker, paymaster in the army, is being entertained at Raton by a brother of her, Myrtle Platt, a fascinating school teacher to whom he is said to have shown much politeness in the Philippines and on the Pacific coast.

Mrs. Tucker manifested a lively interest concerning all the information obtainable from Raton, but insists that she has nothing to say on the subject. She reluctantly admitted that her husband had been working in the Philippines and on the Pacific coast.
